EXCLUSIVE KAA INTERVIEW WITH NATE MORTON

From PAULSTANLEY.com

To All My Friends And Fans,

I wanted to let all of you know that I AM ABSOLUTELY FINE!

I'm going to the gym as usual, painting as usual and will be going into the recording studio this week. Like many, I have had a rapid heart beat condition most of my life and I never have had any type of restrictions. When I've had an episode, although momentarily disrupting and taxing, it has no residual effect. This is nothing new and my doctors have known about it. In short, It doesn't change, hasn't changed and won't change my life.

To make it clear...

I WILL BE AT ROCK & ROLL FANTASY CAMP IN NY..

I WILL BE AT THE WENTWORTH ART GALLERY SHOW in Des Peres, MO.

and anything else that's on schedule. I'm stoked and looking forward to it all.

Thanks for the literally thousands of calls and e-mails from all of you. You all mean the world to me.

Now ONWARD!

Paul

NEED A TATTOO? Then check out Sleeve Masters Tattoo studio in Kings Cross, Sydney. The guys at Sleeve Masters did a great job doing Paul's signature on the arms of a KAA member after Paul's first show in Sydney. The staff at Sleeve Master were very friendly, professional and informative. KAA recommends Sleeve Master for your next tattoo if you are in Sydney. Tell them the KAA sent ya! First opened in 1984 and situated in Kings Cross, the heart of Sydney's 'red light' district, Sleeve Masters has established itself as Australia's most highly-regarded and well-known tattoo studio.

Described by Scottish tattoo magazine writer Terry Wrigley as 'the busiest tattoo shop in the world', Sleeve Masters has continually turned out high volume tattooing year after year.
